FROM THE PRINCIPAL'S DESK

The end of this school year completes the tenth anniversary of the new Westchester High School. Actually, the school started in 1948 with 250 students in senior high school, in the plant now occupied by Orville Wright Junior High School. By 1952 there were 884 students in senior high and the bean fields and pig ranches were giving way to homes and business buildings. The contract for the new plant was awarded October 7, 1954, and building completed in July of 1956. While the plant was under construction and the community and school continued to grow and the students were on half-day sessions. During these early years the school suffered for growing pains; the athletic teams struggled along usually ending up as losers. Scholastically, it was difficult to compete with other older and well-established schools who were on full-day programs.

After moving to the new plant students went back to a full day program (some were unhappy about this), and all aspects of the school improved because of growth in student population to 1579, and hard work by teachers, administrators and students. Westchester was still taking her bumps in athletic competition but this was soon to change. The school was growing up and taking her rightful place among the other schools in the Western League. Scholarship was improving; we were now able to field a fine band and outstanding drill team. In 1963 we hit our peak enrollment of almost 3000 students. We were winning many athletic championships, we had a fine band, orchestra, choir, and drill team, and our student body was in good shape financially, with scholarship constantly improving this year as a climax, Westchester placed seventeen semi-finalists in the National Merit Scholarship competition. This is the largest number in the history of the school and highest in all the 45 Los Angeles City Senior High Schools.

Our enrollment has stabilized at about 2700-2750 and Westchester is producing fine young people who are taking their places in colleges, universities, and in useful occupations. All of these fine achievements did not just happen but are the result of capable and willing students, dedicated hard-working teachers, and encouragement and support from parents and the community. What about the next ten years, how will we be doing then? No one knows for sure, but the qualities necessary for success remain pretty much the same year after year and from generation to generation.

I believe in boys and girls, the men and women of a great tomorrow; that whatsoever the boy soweth the man shall reap.

I believe in the curse of ignorance; in the efficacy of schools; in the dignity of teaching, and in the joy of serving others.

I believe in wisdom as revealed in human lives as well as in the pages of the printed book; in lessons taught, not so much by precept as by example; in ability to work with the hands as well as to think with the head; in everything that makes life large and lovely.

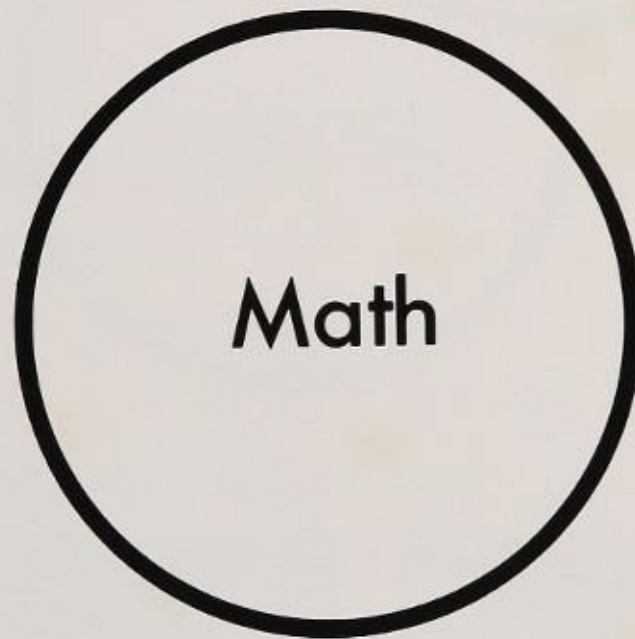

I believe in beauty in the schoolroom, in the home, in daily life, and out-of-doors.

I believe in laughter; in love; in faith; in all ideals and distant hopes that lure us on.

I believe that every hour of every day we receive a just reward for all we are and all we do.

I believe in the present and its opportunities; in the future and its promises; and in the divine joy of living.

All too often, we, the students, overlook the efforts of the people in the various school offices. These people, the office personnel, have done much in the way of service to our school and for this we should be thankful.

The office personnel are responsible for keeping our school running smoothly—solving many of the problems concerning the school which confront them daily. Theirs is an endless job which they perform very well. We wish to take this opportunity to express our gratitude to all these people, who have worked so hard in our interest.

Student Government

Jim Paxton, A.S.B. President

Steve Hunt, A.S.B. Vice President

Jean Henry, A.S.B. Secretary

I would at this time like to express the pride I hold in serving as A.S.B. President at Westchester High School. I am truly convinced that Westchester's academic program and extracurricular activities and opportunities are superior to those of any other school in the city.

This semester's student government class and its advisor, Mr. Hopmans, has worked untiringly to improve and add enjoyable activities. Sports-nights, with the installation of the pool table, basketball and volleyball, along with the dancing, were made into an activity that everyone could enjoy. Pep Club has finally begun to look like the organization it should be. This, along with the "Bigger Better Booster Buttons" has done a lot to increase school spirit. Westchester's events have had more publicity and coverage in local newspapers than ever before, largely due to the work of student government.

It was certainly an honor and privilege to work with this group in student government this semester. I will long remember this year's experiences, and the people that made those experiences possible.

Thank you,
Jim Paxton

Student Government S'66

Steve Hunt A.S.B. President

Vicky Smith A.S.B. Vice President

Rita Wharton A.S.B. Secretary

At the beginning of the semester each member of student government had to face a reciprocal agreement between himself and his conscience: When he did not do his best, he was the one that suffered, while a job well done yielded an incommensurable amount of reward. I would like to take this opportunity to thank each member of the student body whose participation in our activities made them all extremely successful, the student government class itself, who worked untiringly to provide these activities; and I would like to extend a personal thanks to our advisor, Mr. Walter Hopmans, who is deserving of all the superlatives that can be given to an individual. These are the people that made all the hours and effort that I put forth meaningful, and my conscience thanks them for gaining the satisfaction of seeing a semester full of events well done. Sportsnights, Cotton Day, Comet Week, the arrival of the marquee, rallies, assemblies, celebrities, special dances, Howdy Week, along with many other events have been run more efficiently, and they have been more enjoyable than ever before. With the great amount of spirit that you generated for these activities, Westchester High School has seen its most successful and beneficial semester. Working with these students in Leadership, I can say that I have never seen so few people work and fight so hard for the things they believe in. Give them a cause and they will work for you, with everything they have. My hat is off to these students as the future leaders of our country. It has been an honor and a privilege to work with this group in student government as A.S.B. President. I will never forget this year's experiences, and I am happy and very proud to be a part of them.

Thank-you,
Steve Hunt
A.S.B. President S'66

The 1965 football season proved to be the most successful in the history of Westchester. Developing the team about a nucleus of 11 returning Lettermen, Coaches Bill Young and Bud Brubaker looked forward to a successful season. The opening game of the year saw the Comets trampled by defending city champs Gardena, 48-7. After this unimpressive beginning, the Comets began to work together and struggle back to be in the top ten of the city. The second game the Comets proved they could win by dumping an aggressive Hamilton team, 14-6. Milk Bowl action against Dorsey, saw the Comets win 20-7. Westchester reeled off successive league victories against Fairfax 34-0, Hollywood 26-14, and Venice 28-0, prior to the championship showdown with Palisades. In a tough game, the fired-up Comets won 14-7 and took the league crown. Tuning up for the play-off game with Grant, the Westchester team demolished the hapless University eleven, 27-7. After a thrilling 7-6 win over a determined Grant team, the mighty Comets encountered Gardena again in the city semi-finals and pulled off the upset of the year in a fabulous 20-14 victory. For the first time in history, Westchester went to the City Championship game, and although they lost 27-7 to a powerful Los Angeles team, they proved to be a fine city runner-up.

Not enough thanks can be expressed to the fine coaches Young and Brubaker for an outstanding job in leading the Comets to a second place finish with a 9 wins and 2 losses record. The Comets placed three men on All-City and seven on All-League selections. The powerhouse built at Westchester in 1965 will long be remembered throughout the city.

All-City Play-Offs

All-league quarterback Phil Paulson (1) rolling out for a pass against Gardena.

All-city Greg Mimm (17) picks up extra yards in the City Championship game.

Jerry Bunney (36) grabs a pass from Phil Paulson for the winning touchdown over Grant.

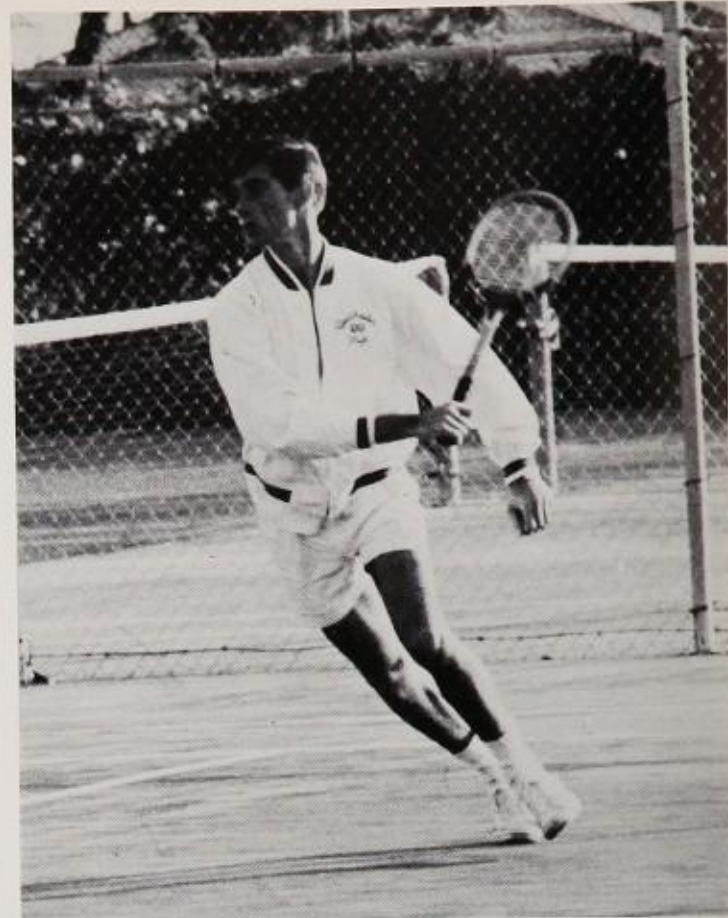

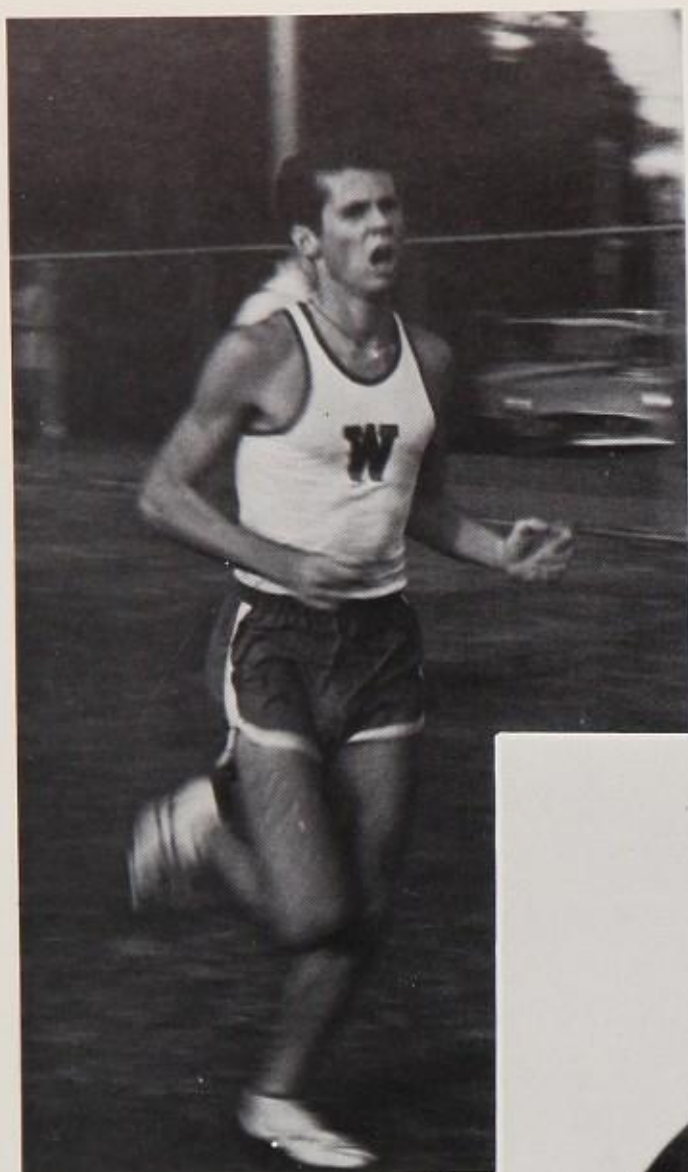

After a long hard season, the Comets finish second in the City.

Homecoming 1965

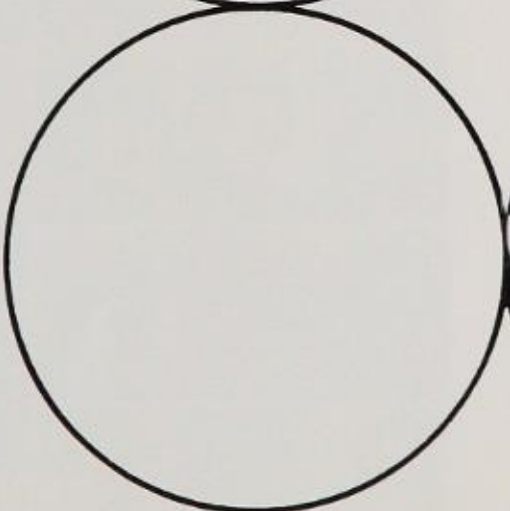

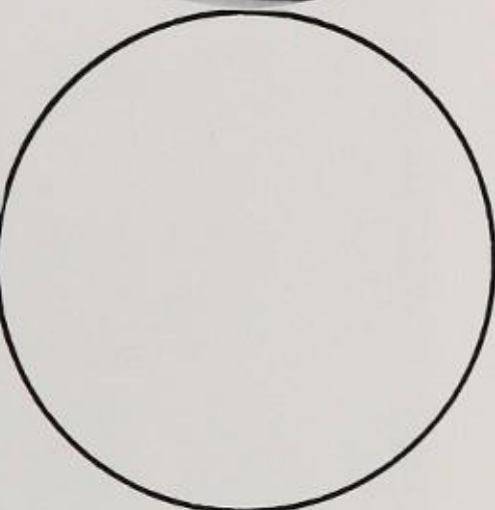

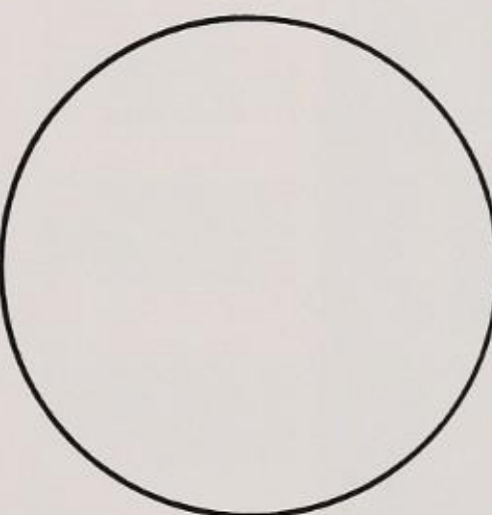

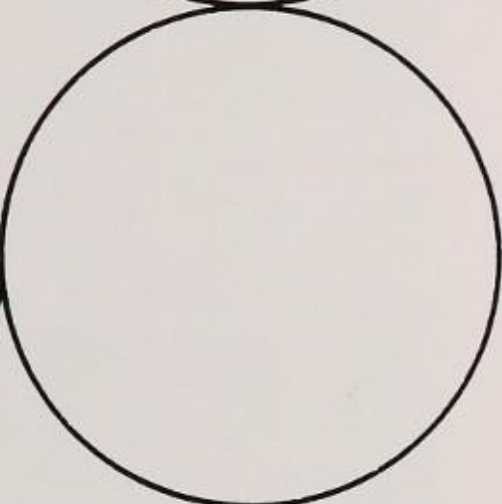

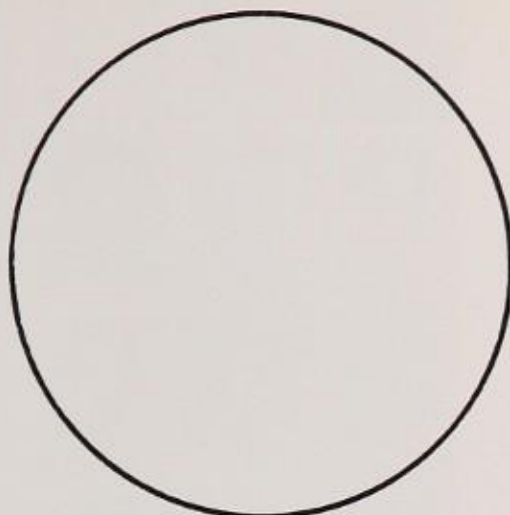

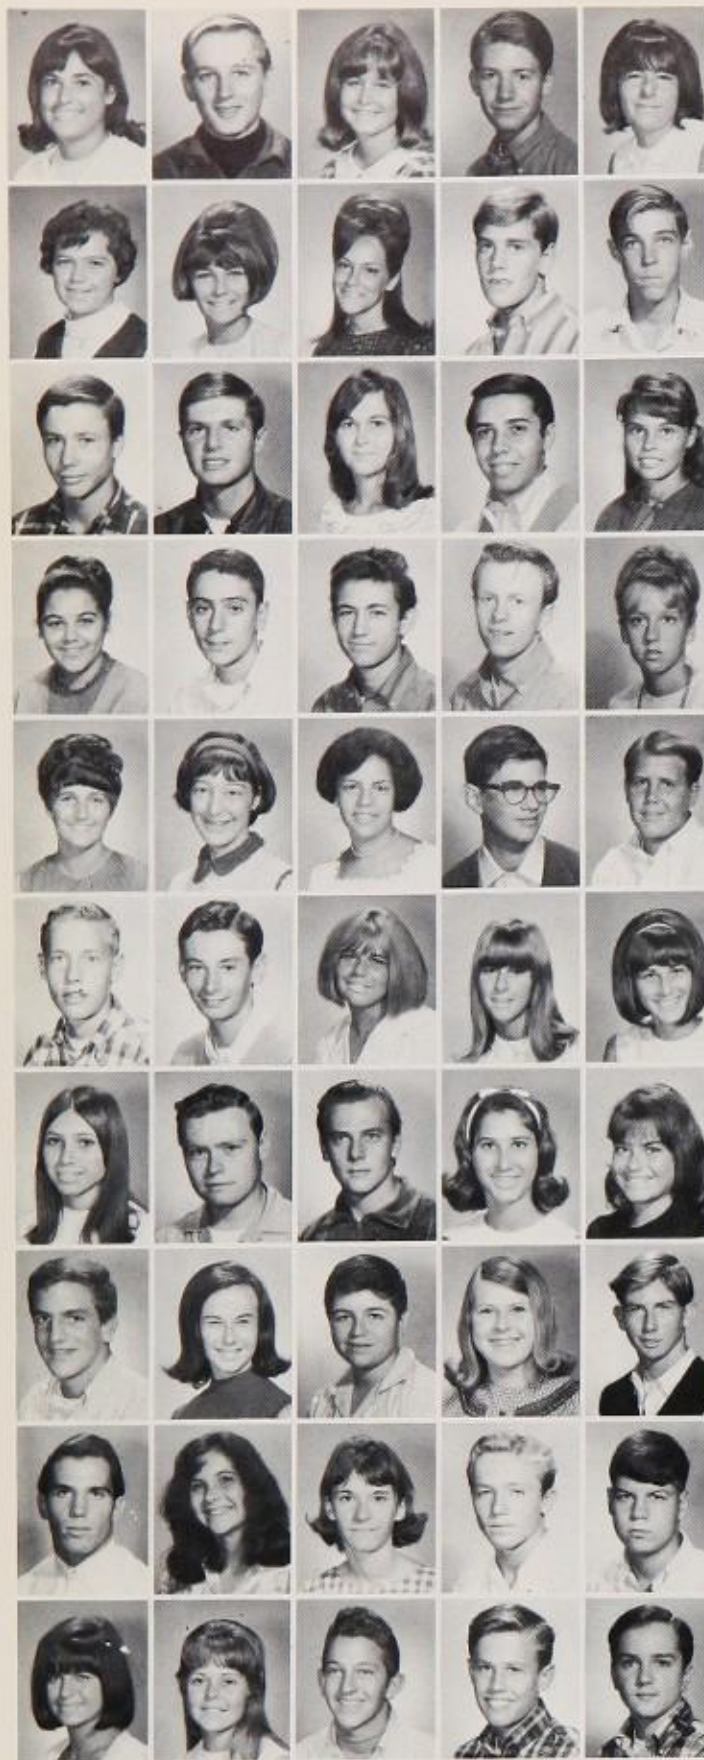

Homecoming 1965 was held on November 5, and was an exciting game with Venice. Renee LeVasseur was crowned Queen for the evening and her princesses were (from left) Nancy Jordon, Cathy Dalton, Marge Todd, and Kathy Kostka. The Queen and her court reigned over the game, and watched the Comet Varsity defeat Venice 28-0.

The Rainmaker

"THE RAINMAKER"

"The Rainmaker", Play Production's fall production, takes place on the Curry farm. The Curry's had been having a difficult time marrying off their homely daughter Lizzie, when a handsome stranger, Starbuck, came to the Curry farm to sell them his rainmaking process. Lizzie was nearly swept away by his charm, until the sheriff came with the report that Starbuck was a liar and a con man. He finally redeemed himself, but Lizzie settled for the security of marrying File, the sheriff's deputy.

Flight Staff

THE LAST WORD

High school years give us perhaps the best memories of our lives. But as the years go by, these memories become distant.

FLIGHT can be the reminder for all those things we have forgotten. With each new look at FLIGHT, we see old friends and teachers and think of our past experiences with them. Whether good or bad, they helped form our future.

This year's FLIGHT staff has worked hard to preserve Westchester's Activities. Special thanks and recognition should go to Vicky Smith, our business manager; Mike Hoffman, our color photographer; and last but not least, Mr. Meade, our advisor.

Nora Donohue

FLIGHT '66 Editor
